

Yr1 17.11.17 This week's target: I can find 1 more/less than any number to 10?

Bronze: Children to learn the 1 more/less than numbers to 5.

Silver: Children to learn the 1 more/less than numbers to 10.

Gold: Children to learn the 1 more/less than numbers to 15.

Platinum: Children to use their knowledge of the 1 more and less to explain statements e.g. David says, "If I find one more or any even number the answer will always be odd." Can you explain or show me if he is correct and why?

TEST DATE 1: 24.11.17

TEST DATE 2: 1.12.17

To help your child, you could:

- Practise little and often
- Count in 1's
- Write down the answers as well as verbally; they will write in the test.
- Practise completing over a 1 minute 09 second time period.
- Use online games e.g. <http://www.ictgames.com/moreless.htm>
