

Tuesday 18<sup>th</sup> July 2023

Dear Parent/Carers,

We have been given a trial of a new learning application called Doodle. Your child will bring home log in details for the app today. This is an app and website that is available on both apple and android devices.

The app provides children an opportunity to practice the core areas of Maths and English across four apps and develops a personalised learning experience to help boost confidence and ability.

This is a completely optional opportunity, that has been provided to us on a trial basis over the summer until the 21<sup>st</sup> of September. Other schools have reported very positively about the app, and we will be gaining feedback from parents in September from those people that have taken up the opportunity.

1. Scan the QR code to download the free apps and get logged in with the details above. Or if using a PC / laptop visit [doodlelearning.com](https://doodlelearning.com) and click Log in > Student.

2. Once logged in, create a parent account to track your child's progress. Press the arrow and select Settings > Parent details.

3. Use the DoodleConnect app or visit [parents.doodlelearning.com](https://parents.doodlelearning.com) regularly to keep up to date with your child's progress.

Click the green chat icon on the website to speak to our Parent Support Team or visit [help.doodlelearning.com](https://help.doodlelearning.com) for help articles.

Yours sincerely,

Mrs. L Ruddock  
Head of School
